Dear Bishop David

Please see minutes attached. If you are satisfied that they reflect our discussions, I will forward to all other deacons. By the way, I still find it difficult to imagine a "non-liturgical" deacon (as mentioned by Deacon P. Wesseloo) ... it is almost a contradiction in terms. The deacon's visible role at the Eucharist (the liturgical role) for me, holds all other roles of the deacon together, connecting church scattered to church gathered.

Still confused
