Absolutely .. he is a blessing, but so are you! God has this wonderful way of raising up the right people at the right time when His work needs to be done!

Dear Gwynne

Thank you. It is important to get it right if we are to succeed. Tom has experience and such insight he is a blessing.

I will do as you ask and take it slowly as I can be a bull in a China shop not fearing where angels fear to tread. If we get this right it can set the tone for the future of the Permanent Diaconate.

The documents that Ronald and I used at Synod certainly impressed all. We are working together on a change of mindset regarding Deacons b

He is brilliant – and I do think he should be put forward as the ACSA chaplain of deacons, not just Highveld deacons – but first we need to get Bishop William Mostert on board as Liaison Bishop. Hope to do this before 7th October (you can butter Bishop William up at the PSC for me, so that our meeting with him afterwards is a mere formality?!). I have sent a copy of a potential greeting from ACSA deacons to PSC to Tom for him to vet. Will send to you when he has had his say.
Grace and Peace, Gwynne.
